RE: Loch Haven Art Center

Some time ago, you were asking what it would cost to install a cable in the Art Center.

1. If we can run the cable in overhead our cost to install would be roughly \$65.00. This would depend on location of receiver.
2. If we have to run the cable in underground then the costs would be roughly:

Installation	\$ 65.00
Underground material	\$ 30.00
Boring of sidewalk	\$ <u>200.00</u>
	\$ <u>295.00</u>

The \$200.00 is minimum billing for any one job per contract.
